<b>Titan Doors Job #</b> P6159	<b>Order #</b> Jason South, LP	<b>DUNS #</b> 87572
--------------------------------	--------------------------------	---------------------

**Site Request** URGENT door repair; "Storefront Exterior ENTER" pair of glass doors, approx 6'x7' with automatic swing operator, Gyrotech operator brand. US Aluminum doors. Pivot parts may be broken, operator arms attached, doors tied open for egress. Difficult to secure. Repair door with parts as required & adjust paired swing ASAP. Security & Safety concerns.

**Progress Report** 4-2 In progress, repair ASAP. 4-2 Tech on site "Same Day Service" afternoon. Confirmed the dis-repair concern. We provided service to repair, found LH top pivot part broken, worn out part failure. Door removed from opening, new pivot part installed, rehung door & aligned for proper reveal & swing. Automatic operation observed OK, latch lock secure. Exterior Enter pair repaired & tested OK for extended useful life. 4-2 Job Completed.
