Titan Doors Job # P6172	Per: Luiz Gomez, Co-Mgr.	Vendor# 694553
-------------------------	--------------------------	----------------

Site Request Urgent Door Concerns; "Storefront Cart Door" approx 3'x7' manual glass door with wind blown damage, Sunday. Door hinges ~~tom~~ loose from frame, Resulting condition door hanging, non-operational, secured closed. Repair requested as needed for proper operation ASAP. Pushers using alternate Enter door to move carts. Security & Safety concerns.

Progress Report 3-30. Begin Service. Tech on site "Same Day", confirmed the wind blown damaged Cart Door with full length hinge. Door is fatigued from multiple repairs over time & current damage. Bent up existing full hinge temp attached by others for door swing operation. We suggest repair with 1- New full length hinge. "for some extended reliable use". Further better suggest a New "Equal" Door with Frame Insert into existing storefront Cart Door opening, for durable replacement. 3-31 Store Approved repair with parts 1-new full hinge. ASAP. 3-31 Ordered full hinge materials, Expedited, approx 2-days shipping lead time. 4-2 Parts arrived shop. 4-2 Tech on site afternoon, removed door from opening, aligned new full hinge to door & jamb, reinstalled door into opening. Cart Door repaired, adjusted for proper clear swing, lock latch secure, OK to use. 4-2 Job Completed.
